

Type of Contract: Commercial

Duration of Contract: 20 Weeks

We, Halls Decorating & Painting Contractors Ltd, were asked to carry out the full external decoration works to the previously painted surfaces such as windows, doors, grills, soffits, fascias boards and any miscellaneous metal and wooden surfaces to the two Mill's pictured.

These works were performed by numerous apparatus' of plant that consisted of cradles, hydraulic lifts, scaffolding and ladders/step ladders.

The main areas of concern for the works were that the Mill would be in full operation and coming into contact with the public on a regular basis. It was the careful planning and programming of ourselves and the client to ensure that the works were carried out in a safe manner and protected the

public - this was why numerous plant applications were used to complete the works. Consideration was also made for vehicles coming into contact with the area of works so regular traffic management plans were carried out to ensure protection to staff and the public were kept to the optimum.

Full preparation works were given to the window which included burning off where there was flaking paint present. Once burned off then various preparation work was commenced such as raking out the mastic and re-mastic, knotting, putty pointing, stopping and filling. Once this preparation had been completed then the application of primer, undercoat and gloss were applied to the windows.

In reflection, the project ran very well and as planned in the design stages of the contract given the magnitude of the works and the levels of public interaction on site. We as a company felt that the client used our levels of knowledge to an optimum to ensuring the safest possible programme could be made with the

least amount of confusion to the client and the public. With the above in place Halls Decorators appreciated the work the client had put in and a good working relationship had been made.

If you require any further information then please do not hesitate to contact Chris or Stephen at the head office on 01422 349042 or email us on info@hallsdecorators.co.uk and we will be happy to help.
